

St. Clare Parish Exploratory Committee

We are committed to unite the St. Clare family so that we may live, love, worship, and celebrate Eucharist together around one table, in one church, as one body in Christ.

This committee was formed in December to implement the recommendations of the Long Range Planning Committee regarding our Parish Facilities. The committee has been meeting and touring other parishes since January 17, 2013 researching ideas and recommendations for St. Clare Parish. As the committee's work continues they are examining worship, office, social and educational space requirements for our parish as well as the associated design/remodel/build costs.

Members of the Exploratory Committee are:
